Forward Looking Statements & Disclaimer

Certain information in this press release, including, but not limited to, statements regarding future growth and performance of the business, momentum in the businesses, future adoption of digital assets, and the Company's anticipated results may constitute forward looking information (collectively, forward-looking statements), which can be identified by the use of terms such as "may," "will," "should," "expect," "anticipate," "project," "estimate," "intend," "continue" or "believe" (or the negatives) or other similar variations. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause Fortaleza's actual results, performance or achievements to be materially different from any of its future results, performance or achievements expressed or implied by forward-looking statements. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties, and assumptions, the future events and trends discussed in this press release may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements. Jean-Francois Amyot has a global securities cease trade order by the Canadian Securities Agency and L'authorite des Marches Financiers (AMF). Mr. Amyot is banned from occupying the position of director and or officers of a U.S. publicly traded company and banned from trading penny stocks in the United States of America and was imposed fines by both the AMF and the U.S. Securities and Exchange Commissions in excess of twenty million. Forward looking statements are subject to the risk that the global economy, industry, or the Company's businesses and investments do not perform as anticipated, that revenue or expenses estimates may not be met or may be materially less or more than those anticipated, that trading momentum does not continue or the demand for trading solutions declines, customer acquisition does not increase as planned, product and international expansion do not occur as planned, risks of compliance with laws and regulations that currently apply or become applicable to the business
