

Hhemp.co and Veteran Health Solutions Partner for Pre-Veterans Day Live Virtual Event: "Hemp, Me and PTSD"

Learn More About the Plant-based Approach as an Alternative Option Toward Mental Wellness

HAYWARD, CA, UNITED STATES, November 2, 2021 /EINPresswire.com/ -- Hayward, CA based premiere CBG+CBD brand Hhemp.co, in collaboration with non-profit organization Veteran Health Solutions, launched their Veterans branded tincture line in July 2021, and have since used 100% of the profits from this product line to support various veterans' organizations across the nation. Hhemp.co launched this line with a goal of spreading education and affordable access to wellness products that can help with the various physical and mental health issues plaguing the veteran community.

Life Griffith, Executive Director and Founder of Veteran Health Solutions, reports that since the product launch, there have been nothing but great reviews on the quality of the tinctures, but since this product launch is still in its early stages, they are still dealing with the politics of being able to get the word out to educate the masses.

"I am truly grateful for the collaboration with Hhemp.co, and the major donation given to Veteran Health Solutions on behalf of those who have supported the tincture campaign thus far," said Life.

Now that the tincture line is launched, Mr. Griffith's focus is on finding ways to get people involved, spreading hemp education, giving out free products to those who can't afford them, or finding ways to provide discounts so that people can afford to keep moving forward using these plant-based alternative medicines.

"I am so thankful to have met a company like Hhemp.co who said that they were going to do something, stood by their word and actually did it. You can't say that very often," said Life, "The
