

Discovering Potential Launches DSA-Sec Interview Skills Workshop in Singapore

The workshop is designed to support students in building confidence and reaching their full potential.

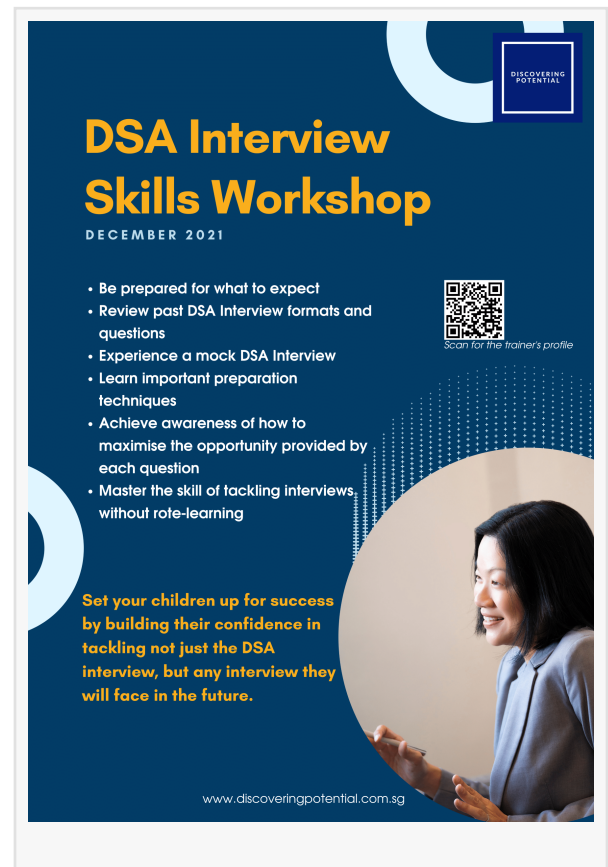

SINGAPORE, SINGAPORE, October 28, 2021 /EINPresswire.com/ -- [Discovering Potential](#) is pleased to announce the launch of its highly anticipated [DSA-Sec Interview Skills](#) Workshop.

Discovering Potential is an interview skills and communication skills coaching company based in Singapore. The company aims to enable clients to achieve their career and life goals by providing the tools, support, and coaching to develop the soft skills required to drive them to new levels of achievement.

In the organization's recent news, Discovering Potential has opened registration for its DSA-Sec Interview Skills Workshop to the public. This [December holiday workshop](#) is suitable for Primary 5 and Primary 6 (in 2022) students throughout Singapore who are looking to build their confidence in tackling not just the DSA interview, but for any interview they will face in the future.

"Through this exciting opportunity, students will gain knowledge required to get prepared for the DSA Interview and find out how it can be transformed from a standard interview, to one that makes the candidate memorable," says Siew Ling. "My sole purpose is to focus on empowering each child with skills that will carry them beyond school and into a bright future."

The DSA-Sec Interview Skills Workshop is highly practical and hands on to allow the trainer to coach each participant in a comprehensive manner. The course is designed to provide each student the opportunity to not only learn interview skills, but to actually put the skills to use - and to have an experiential mock interview which will be recorded for the participant's own review and practice post the workshop.

The poster features a dark blue background with white and yellow text. At the top right is the 'DISCOVERING POTENTIAL' logo. The main title 'DSA Interview Skills Workshop' is in large yellow font, with 'DECEMBER 2021' below it. A list of bullet points is on the left, and a QR code with the text 'Scan for the trainer's profile' is on the right. A circular inset photo shows a woman in a grey blazer. At the bottom, there is a quote in yellow and white text, and the website 'www.discoveringpotential.com.sg'.

DISCOVERING POTENTIAL

DSA Interview Skills Workshop

DECEMBER 2021

- Be prepared for what to expect
- Review past DSA Interview formats and questions
- Experience a mock DSA Interview
- Learn important preparation techniques
- Achieve awareness of how to maximise the opportunity provided by each question
- Master the skill of tackling interviews without rote-learning

Scan for the trainer's profile

Set your children up for success by building their confidence in tackling not just the DSA interview, but any interview they will face in the future.

Though there are a number of interview workshops throughout Singapore, what truly sets Discovering Potential apart from the competition is its small class sizes (no more than eight registrants) and unique hands-on practice. In the workshop's public run in June 2021, all four workshops were at full capacity.

For more information about Discovering Potential, or to register for this December holiday workshop, please visit www.discoveringpotential.com.sg.
