

Cyber Apps World Inc. (OTCBB: CYAP) Proceeds with Beta Testing of its New Friendly and Fast Delivery App

Cyber Apps World Inc. (OTCBB: CYAP) Proceeds with Beta Testing of its New Friendly and Fast Delivery App

US, October 28, 2021 /EINPresswire.com/ --

According To Statista, The Online Food Delivery Segment Is Projected To Reach US\$182,327m By 2024.

Cyber Apps World Inc. (OTCBB: CYAP), a company that intends to focus on using strategic investment strategies to fund, incubate, launch, and grow profitable, multiple businesses as wholly-owned subsidiaries, is pleased to announce that it is proceeding with beta testing of its Friendly and Fast food and grocery delivery, and courier computer application. Friendly and Fast is anticipated to be a world-wide application, which Cyber Apps intends to initially launch in the USA and then expand to other markets, including Europe, Canada, and Australia.

Cyber Apps has retained a private software development company to undertake the beta testing, which will include evaluating and refining the Friendly and Fast app in real world settings to ensure its functionality with businesses, drivers, and consumers. Beta testing will occur in Ahmedabad, India due to the large size of the city, the availability of skilled labor with the expertise to conduct beta testing, and the cost-efficiency of conducting the high-level evaluation of computer applications in the area. At the completion of beta testing, Cyber Apps intends to proceed with the marketing and launch of its Friendly and Fast app in the United States.

In connection with the commencement of beta testing, Cyber Apps' President, Mohammed Irfan Rafimiya Kazi, stated, "The progression of our Friendly and Fast app to the beta testing stage is an important milestone in our corporate development. From the outset, our aim has been to increase shareholder value through the creation and deployment of cutting-edge technology in an ever-changing consumer marketplace that increasing demands effective, user-friendly tools. We are excited that we are nearing the commercial launch of a key service that we hope will generate significant revenue and profit."
