

Construction Management Software Market Statistics 2021: Technical Signs Points Higher Growth In The Coming Years

Asia-Pacific is expected to have the largest market share during the forecast period, owing to emerging economies such as India, China, and South Korea.

PORTLAND, OR, UNITED STATES, October 28, 2021 /EINPresswire.com/ --Increase in requirements for largescale project management across the globe is the major factor that drives growth of the market. However, interoperability issues and lack of

technical expertise hampers the market growth. Furthermore, adoption of cloud-based technologies in construction management software and growth in the construction sector across the globe are expected to provide lucrative opportunities for the <u>construction management</u> <u>software market</u>.
