INGLEWOOD, CA, UNITED STATES, November 1, 2021 /EINPresswire.com/ -- FOR IMMEDIATE RELEASE

CRYPTOCURRENCY EXPERT [NAJAH ROBERTS](#) BRINGS CRYPTOCURRENCY AND BLOCKCHAIN TECHNOLOGY TO BLACK AND BROWN COMMUNITIES WITH A NEW PLATFORM - "[THE VIRTUAL UNDERGROUND RAILROAD](#)"

The Virtual Underground Railroad is a One Stop Shop for all things Crypto and will be the safest, largest Crypto Educational Platform in history

Najah Roberts, founder and Chief Visionary Officer of [Crypto Blockchain Plug](#) (CBP) (www.cryptoblockchainplug.com) the first African-American, woman-owned cryptocurrency (and one of the only brick-and mortar) lounge in the U.S. has launched the largest crypto education platform in history, the "The Virtual Underground Railroad." This new platform aims to educate Black and Brown communities across the U.S. by sharing a wealth of information beginning with the foundation behind Bitcoin to how money is evolving. Najah will utilize her cryptocurrency expertise to educate and close the wealth gap that exists in our country.

The Virtual Underground Railroad platform will include education of NFT's, Mining cryptocurrencies, Altcoins, Exchanges, Wallets, Kids in Crypto, Crypto Taxes, Trading, Tokenization, Crypto Scam Awareness, The Metaverse, Jobs in the Crypto & Blockchain Space, Real Estate, Life Insurance, Traditional retirement accounts, Stocks & Bonds, Business Opportunities, The Buy Black Movement, Health & Wellness, and last, but not least, a community where everyone is learning and gaining financial freedom.

Najah founded CBP located at 614 E. Manchester Avenue, Inglewood, CA in 2018 and has been steadfastly teaching communities about cryptocurrency for many years. A staunch advocate for improving the financial welfare of black and brown communities, she is referred to as the "Harriet Tubman of Financial Services" because of her vow to lead her people out of Financial Slavery. Najah's mission mirrors Harriet Tubman's mission, but with a twist -- "I have freed

hundreds of financial slaves and I could have freed thousands more if only they knew they were financial slaves." -Najah Roberts

The Virtual Underground Railroad Community platform was created after Najah and her staff's realization that the cryptocurrency education she was disseminating to the community was being pushed down in the algorithm and silenced on both her Instagram, Facebook accounts. She and her team determined to develop a method to control the education and own their own content by creating a "one stop shop" platform for communities.

Najah has dedicated her life to the Crypto Space and CPB. She is also Founder and Executive Director of Crypto Kids Camp, Co-Founder of The Black Wall Street Wallet alongside Actor Hill Harper, Co-Founder of C.E.N.T. TV (Crypto Entertainment News Television), Co-Founder of My Name Image & Likeness (NFT Project), Founder of Tha Bag™ (NFT Marketplace) and just inked a deal with Exposure TV for her own channel The Blk DeFi Network.

Without charging a single cent, Najah educates individuals and communities daily on "The Crypto Virgin Hour" with the Black Bitcoin Billionaires, the largest Bitcoin group on ClubHouse with over 125K listeners. Additionally, she engages communities through her podcast "Building SiliconHoods™" and facilitates monthly events: "Wine, Women & Crypto," "Bitcoin Business Basics," "Coin-O-Nomics," "On the Block" and "Freedom Friday" on Meetup.com/cryptoplug.

The Virtual Underground Railroad is a ONE STOP SHOP for all things Crypto and promises to be the safest and largest crypto educational platform in history.
