"In the post corona world, more than ever, hotels and properties worldwide rely on technology to live up to exceeding guest expectations and enhance their productivity. Digital, contactless solutions that eliminate the queues and the friction points during the guest's stay, are becoming the new standard that the guests are expecting every hotel to have in 2021", said David Mezman, Co-founder and CEO of Duve.

"We are delighted to partner with MiniHotel and empower more hoteliers to create a

personalized and elevated guest experience that allows them to digitize their entire guest journey while keeping their own unique touch and increasing their revenues. We are sure that the combination of Mini Hotel + Duve is the perfect answer to all the modern hotel needs", Mezuman added.

About MiniHotel:

MiniHotel is an All-In-One SaaS, Specially Designed for Small Hotels, B&B's, Guest Houses, Vacation Rentals, Hostels, Camping and Glamping. MiniHotel was founded in 2007, and has expanded since from its native Israel, into Argentina, and from there to other Latam locations, and has recently announced the opening of a new office in Croatia. Today, the company has clients using its PMS (property management system) and Channel Manager, in more than 20 countries.

About Duve:

Duve is an end-to-end guest management system helping hoteliers digitize their hotel processes, increase profitability, and offer an elevated guest experience.
