

Global Organic Tea Market Size And Organic Tea Market Growth Opportunities

The Business Research Company's Organic Tea Global Market Report 2021: COVID 19 Growth And Change To 2030

LONDON, GREATER LONDON, UK, November 1, 2021 /EINPresswire.com/ -- According to the new market research report 'Organic Tea Global Market Report 2021: COVID-19 Growth And Change' published by The Business Research Company, the [organic tea market](#) is expected grow from \$0.88 billion in 2020 to \$0.89 billion in 2021 at a compound annual growth rate (CAGR) of 1.1%. The growth is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$1.11 billion in 2025 at a CAGR of 6%. Rising consumer awareness about the medicinal properties of organic tea is projected to boost the demand for organic tea over the forecast period.

The organic tea market comprises of sales of organic tea products. The market consists of revenue generated by establishments manufacturing organic tea products. Organic tea is a very popular beverage prepared using buds and boiling leaves obtained from *Camellia Sinensis*. It is free of herbicides & pesticides and synthetic fertilizers and has antioxidant properties.

Trends In The Global Organic Tea Market

The manufacturers operating in the organic tea market are adopting various strategies such as new product innovations, mergers & acquisitions, and plant capacity expansion to expand their market share and global presence. For instance, The Tea Room Chocolate & Tea Company offers various organic tea-infused products such as a 60% dark chocolate bar infused with green tea, a white chocolate bar with honey and chamomile tea, and a 60% dark chocolate bar with raspberry rooibos tea. Therefore, the trend of infusing chocolate in tea is expected to add to the demand for organic tea.
