need for increased resources and technology to support employers in their search for diverse talent throughout the majority of industry segments. The NBCC’s [Diversity Recruiting Center](#) has a mission to facilitate a more diverse, equitable and inclusive workforce by offering companies a centralized resource from which to source personnel from historically underrepresented groups.

“Proceeds from the Diversity Recruiting Center are invested in African American and Minority communities

through activities which encourage and enable entrepreneurship”, states Charles H. DeBow, III, Executive Director of the NBCC. Black business ownership rates have decreased more than 50%

since the onset of the COVID-19 pandemic, and this partnership will fuel the increase in representation of African Americans in the workforce while providing resources to enable small diverse businesses.
