Billing Market Forecasts to 2028 - Global Analysis By Type (MSISDN, Limited Direct Carrier Billing), Platform (IOS, Android), Application (M Commerce, Ticketing), End User (Gaming, Online Media) and By Geography

Global Direct Carrier Billing Market Forecasts to 2028

The Global Direct Carrier Billing Market is accounted for \$28.90 billion in 2020 and is expected to reach \$78.70 billion by 2028 growing at a CAGR of 5.5% during the forecast period. Growing penetration of tablets and smartphones, online purchases for streaming subscriptions and game purchases and high demand for the DCB services across various sectors are driving the market growth. However, security and privacy concerns and expensive subscriptions are hampering the growth of the market. Based on the end user, the gaming and game developers segment is going to have lucrative growth during the forecast period as gaming applications and gaming consoles are undergoing major growth owing to an excellent market presence globally. The adoption rate is likely to increase in context to the gaming consoles for the DCB platform.
