UNITED STATES, November 22, 2021 /EINPresswire.com/ -- <u>Donald Trump</u> has had the distinct ability to shake things up and tread where no other man has tread before. Love him or hate him, he is not the kind of man you can just ignore.

"

It does not portray Trump as a saint or a sinner, but rather shows how he personified what was in the hearts and minds of many Americans." Now author <u>Alex Carlisle</u>'s debut book <u>10 THINGS YOU</u> <u>WERE SUPPOSED TO LEARN FROM DONALD TRUMP</u> takes a practical approach to understanding some of Trump's most polarizing political and personal actions, hoping there will be plenty of takeaways for readers.

The book launches today. To celebrate, there will be a special live listening event and reading of the first three

More than 500 quotes, newspaper articles and manuscripts were compiled to create a synthesis of almost 600 pages, focusing on the most dynamic, memorable, and poignant moments of Trump's tenure as POTUS through the eyes of the author. The book looks specifically at how drastically different Trump went about his affairs, got things accomplished, and started new chapters out of the ashes when all appeared to be lost.

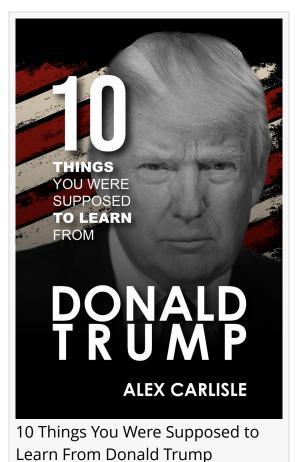

10 THINGS YOU WERE SUPPOSED TO LEARN FROM DONALD TRUMP is bold and unapologetic. It does not portray Trump as a saint or a sinner, but rather shows how he personified what was in the hearts and minds of many Americans. It is a razor-sharp look at how one man could make a difference living outside the boundaries – something few were able to do without being destroyed.
