

Global Machine Shops, Turned Product, And Screw, Nut, And Bolt Market Trends, Strategies, And Opportunities 2021-2030

The Business Research Company's Machine Shops, Turned Product, And Screw, Nut, And Bolt Global Market Report 2020 - COVID-19 Impact And Recovery

LONDON, GREATER LONDON , UK,
November 4, 2021 /EINPresswire.com/

-- According to the new market research report 'Machine Shops,

Turned Product, And Screw, Nut, And

Bolt Global Market Report 2020: COVID-19 Impact And Recovery' published by The Business Research Company, [the machine shops, turned product, and screw, nut, and bolt](#) is expected to decline from \$403.6 billion in 2019 to \$351.5 billion in 2020 at a compound annual growth rate (CAGR) of -13%. The decline is mainly due to economic slowdown across countries owing to the COVID-19 outbreak and the measures to contain it. The market is then expected to recover and grow at a CAGR of 7% from 2021 and reach \$424.6 billion in 2023.

The machine shops, turned product and screw, nut, and bolt market consists of the sales of precision turned products or metal bolts, nuts, screws, rivets, and other industrial fasteners by entities (organizations, sole traders or partnerships) that machine precision turned products or produce metal bolts, nuts, screws, rivets, and other industrial fasteners. Included in this industry are establishments that produce parts for machinery and equipment on a customized basis.

Trends In The Global Machine Shops, Turned Product, And Screw, Nut, And Bolt Market

"Smart" Damper, manufactured by BIG KAISER, is a boring bar that are increasingly being used in lathe applications due to its higher productivity at critical boring depth. Damping is an influence to depress oscillations produced due to high sound in the boring bar. Smart Damper however, is a tool holder whose various parts are coordinated with the damping system in order to give a

very précised deep hole finished boring in absence of oscillations. It provides better surface finishing, greater accuracy and increased metal removal rates at significant depths compared to the existing methods.

Global [Machine Shops, Turned Product, And Screw, Nut, And Bolt Market Segments](#):

The global machine shops, turned product, and screw, nut, and bolt market is further segmented:

By Type: Turned Product And Screw, Nut, And Bolt, Machine Shops

Subsegments Covered: Nonthreaded Metal Fasteners, Threaded Metal Fasteners, Others

By Geography: The global machine shops, turned product, and screw, nut, and bolt market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa. Among these regions, the Western Europe machine shops, turned product, and screw, nut, and bolt market accounts for the largest share in the global machine shops, turned product, and screw, nut, and bolt market.
