Weightlossbuddy is known for providing that support.

Its new app allows users to monitor their weight, while sharing their progress with others, and at the same time learning from their experience.

Not only are users able to chat live with other users, but they can also form or join groups to connect with people who have similar interests and goals.

Public & Private groups let them share their concerns with people they can trust.

You can't help someone up a hill, without getting closer to the top yourself”

*Joey Dweck*
