

Unique Poster arrives in USA just in time to celebrate Black Friday

After its success in Spain, Unique Poster crosses the pond to arrive at American homes.

SAN FRANCISCO, CALIFORNIA, USA, November 5, 2021 /EINPresswire.com/

-- [Unique Poster](#) was born in 2020 to offer its customers unique and personalized designs that tell a story. That is why they began to be part of thousands of Spaniards' lives. They sell throughout Europe up until now and will arrive in the United States in a few weeks, just in time for Black Friday and the Christmas campaign.

At this moment, they sell four different products on the web. The [star map](#) is now the trendsetter. This type of poster shows how the stars were aligned on a particular day (e.g., 'the day we met' or 'the day we kissed each other'). Going further, the city maps are also very popular since cities can be a turning point in people's life. Moreover, if you are a music lover, you will be delighted with the Spotify posters, where you can select the song that always brings good memories back and even add a photo. And last but not least, you can design a 1:1 scale birth poster with the information of your baby's birth (e.g. name, date, weight, etc.).

“
