

# First Time in India – AI Powered Study Planner App for All Students

*DeepStudy Apps includes everything students need to reach their goals, wrapped in a beautiful and intuitive interface.*

KOLLAM, KERALA, INDIA, November 5, 2021 /EINPresswire.com/ -- [DeepStudy](https://www.einpresswire.com/DeepStudy) App comes up with the most innovative digital solution for students. The app helps students to take responsibility for their future as well as present learning as they learn to develop their technological, intrapersonal, and interpersonal and most importantly develop their academic skills, in the most convenient way.

This is an AI powered study planner that has made learning interesting and easy. A completely FREE app, it helps students in including exam details or any syllabus for better organizing and management. The popular time boxing method is used for better organizing and learning.

Not just for students, DeepStudy helps tutors in setting up a digital classroom. Parents get all the support needed to monitor their child's performance, ensuring that their studies and related activities are completed on time. Students have the option of creating small groups with Study Buddy, so that they can have collaborative learning.

An Interesting Study Planner for Students:

Students love the app because it is quite like a game for them. The app allows them to set goals and fix their weekly target. Through the app, they can conveniently stay connected with their tutors, friends and parents, helping them to achieve their milestones. The app provides helps students to monitor their progress with features like To-Do list. It's a smart way to help students and track their goals.
