NEW NOVEL: THE KINGDOM OF GALBOTHIA VENGEANCE OF THE KING”

EDWIN RIVERA

“My novels are definitely influenced by the daily intrigues of pursuing those who choose to evade justice,” he says. “And they’re a vehicle for my love of narrative, character development and creative plot line. But I likewise found writing an outlet for stresses which sometimes accompanied my unusual line of work.”

Perhaps that is also why his novels feature lead characters gifted in sorting through facts and getting to truth, something his many fans will be happy to find is the case here.

“Galbothia, a land forged by the creator of the universe, becomes an arena of fatality. Meant for peace and harmony, it reels before a force of destructive power determined to interfere with

such a blessed existence. Yet readers will understand how a higher force can influence people to a higher standard of commitment, as Galbothians are forced to explore the limits of their willingness to die for each other and for freedom," says the author.

Published by E-BookTime LLC, *The Kingdom of Galbothia: Vengeance of the King* is available on their website and at Amazon, Barnes and Noble, and book outlets around the world.
