

Sacramento Sierra Building Trades Council & People Working Together host Construction Trade Awareness and Job Fair

Sacramento Sierra Building Trades Council & People Working Together Host 11/12/21 Construction Trade Awareness & Job Fair at Highlands Community Charter School

SACRAMENTO, CALIFORNIA, USA, November 9, 2021 /EINPresswire.com/ -- Sacramento-Sierra Building & Construction Trades Council (SSBCTC), [People Working Together \(PWT\)](#), and [Highlands Community Charter School](#), organizations based out of Sacramento California, will be hosting a construction and trade awareness job fair on Friday November 12, 2021 from 9am until 12 noon PST at Highlands Community Charter School located at 1333 Grand Avenue Sacramento, CA 95838. Highlands Community Charter schools vision is to "Eradicate educational inequities by providing access to education, technology, communication and employment for 21st century achievers through community partnerships." Job seekers targeted for this event include at risk youth, justice involved individuals, veterans, women and communities of color.

Cynthia Brown Founder/Chief Operating Officer

This job fair is one of several to be hosted in the next few months and will include onsite vendors such as Turner Construction, Volt, RJ Safety, Caltrans, Intech, Southland Construction and many others in addition to our local union affiliates. Vendors will provide hands on demonstrations for job seekers, provide information and on the spot interview opportunities.

The Sacramento-Sierra Building & Construction Trades Council (SSBCTC) is a performance-based organization providing contractors with the highest skilled and trained workforce in the construction industry completing projects on time and under budget. Founded 47 years ago, SSBCTC represents more than 15,000 union construction workers in the Sacramento, Amador, El Dorado, Nevada, Placer, Sierra and Yolo counties.

"As a multi-employer resource department. Our goal is to improve, enhance, and enrich the lives of working men and women of Labor by being the best trained and most productive workforce in the industry. We continue to build partnerships with developers and contractors as a testament to the fact that we remain the BEST choice for any construction project." says Kevin Ferreira, Executive Director of SSBCTC.

People Working Together (PWT) strategically partner with like-minded people and organizations to provide career opportunities, ensure job/career readiness, and to meet the holistic needs for those served. This partnership model with the [Sacramento-Sierra Building and Construction Trades Council](#) (SSBCTC) offers services to targeted communities (area codes 95652, 95660, 95811, 95814, 95815, 95817, 95820, 95823, 95824, 95838) to prepare them for the SSBCTC Apprenticeship Program. PWT focuses on uniting people across all races and cultures to gain a new direction

and greater purpose by providing access to educational opportunities enabling students to develop knowledge and skills necessary to achieve professional goals, provide leadership and service to their communities with a primary focus on those reentering society.

“

Our guiding principal is that every human deserves the opportunity to thrive in their career and life aspirations. We meet people where they are and help them to develop core competencies.....”

*Cynthia Brown Founder/Chief
Operating Officer*

Together, SSBCTC and PWT offer a readiness program focused on North America's Building Trades Unions (NABTU) nationally recognized Multi-Craft Core Curriculum (MC3), a standardized, comprehensive, 120-hour construction course designed to help young people and transitioning adults choose and succeed in apprenticeship programs that are appropriate for them. Certified by a number of State Education Departments, MC3 is bringing true construction education back into high schools. Upon completion of the program, participants will be

knowledgeable in the nine areas of focus related to the MC3 to include: Construction Industry Orientation, Tools and Materials, Construction Health and Safety (including OSHA 10 and CPR), Blueprint Reading, Basic Math for Construction, Heritage of the American Worker, Diversity in the Construction Industry and Green Construction.
