Chief Product Officer

Denise Doyle Named Chief Product Officer; Xakia Technologies Bolsters its Female-Strong Executive Team

The new global role will be focused on product development and play a central role in Xakia’s product innovation strategy and roadmap evolution. Xakia is a seriously simple, in-house legal matter management platform – a ‘Legal Hub’ for connected and impactful teams of any size or industry, located anywhere.

“

With its ability to cater to legal teams of one to 1,000 with ease of scalability and affordability, I’m excited to help drive key product initiatives for the continued expansion of Xakia.”

Denise Doyle, Chief Product Officer, Xakia Technologies

Denise Doyle, Chief Product Officer said: “I was attracted to Xakia Technologies for its customer-centric thinking and innovative approach to providing legal teams with simple, yet functionality-rich, cloud-based software. With its ability to cater to teams of one to 1,000 with ease of scalability and affordability, I’m excited to help drive key product initiatives for the continued expansion of Xakia.”

Xakia Technologies CEO, Jodie Baker said: “Denise joins Xakia Technologies at an exciting time as we continue to expand globally, and I’m delighted to welcome her to the team. She has extensive

LegalTech and legal matter management product knowledge and expertise, coupled with the visionary skills to lead the evolution of Xakia, making it accessible for everybody.”

Prior to joining Xakia Technologies, Denise held consulting roles with AMP and Primo Foods and executive management roles with leading organizations such as Telstra and Westpac.

Denise will commence in the new role 15 November 2021 and split her time between being based in Australia and North America.
