“This year’s National Winners are a testament to the regional infrastructure community’s resilience, commitment to excellence and innovation. We are proud and delighted to announce nearly 60 projects have claimed national honours across 16 categories and representing countries from across the Middle East and North Africa region. Despite the challenges posed by the COVID-19 pandemic, the high volume of quality projects that were completed over the last 18 months are a strong indication of the region’s continued progression. These companies have re-affirmed why they are considered the bedrock of the region’s economy. Congratulations to all our national winners,” said Sonia Kerrigan, Group Commercial Director, MEED.

Each of these projects will now be reviewed against its MENA rivals for the regional honours to determine the final winners of the 2021 [MEED Projects Awards in association with Mashreq](#) at a gala awards reception taking place on December 8th in Dubai.

The awards ceremony is bringing together the leaders of the infrastructure industry from across the MENA region to celebrate their outstanding successes and contributions despite the numerous challenges faced over the last year with the COVID-19 pandemic.
