That group is <u>Get Covered Tennessee</u>, a program operated by Nashville-based Family & Children's Service (F&CS), in partnership with Matthew Walker Comprehensive Health Center, Appalachian Mountain Project Access, Cherokee Health Systems, and approximately 400 other partners across Tennessee. The Open Enrollment period for health insurance sign ups is traditionally held each year from Nov. 1 – Dec. 15; however, this year it has been extended through Jan. 15, 2022, in anticipation of increased need. Enrollment in health insurance can be stressful for many individuals and families as healthcare costs continue to rise; healthcare plans seem to change with frequency; and the numerous products and programs can be confusing. options and complete eligibility and enrollment forms. These services are free, unbiased, and available to anyone who needs them.

"For many people, enrolling in healthcare can be intimidating and complicated," said Michael McSurdy, President & CEO of Family & Children's Service. "Our Get Covered Tennessee team exists to make that process easy, free, and accessible to everyone in Tennessee."

While providing services to anyone that needs help, the Get Covered program team focuses on traditionally underserved populations, and this year there will be a focus on those that lost

their insurance due to pandemic-related job loss.
