“

No matter which option a patient chooses and no matter how long their treatment lasts, they’ll never pay more.”

Dr. Lauren Wegrzyniak

During a free consultation, Dr. Wegrzyniak and her team will help patients decide which treatment option is best for them. Traditional braces are the most popular option, especially among teens and those with more complex cases. The treatment is more compliant because the braces affix to a patient’s teeth. Invisalign aligners are popular among adult patients because they are removable

and transparent.

“No matter which option a patient chooses and no matter how long their treatment lasts, they’ll never pay more,” adds Dr. Wegrzyniak.
