

Thousands of Enterprise Tech Professionals to attend the AI & Big Data Expo in Amsterdam in 2 weeks

Leading Artificial Intelligence conference to explore emerging AI strategies for 2022.

AMSTERDAM, NETHERLANDS,
November 10, 2021 /

EINPresswire.com/ -- Taking place on the 23rd-24th November, at the RAI, Amsterdam, the AI & Big Data Expo is set to bring together thousands of IT

professionals from across the continent to discuss best practice approaches to Artificial Intelligence & Big Data.

The logo for the AI & Big Data Expo, featuring the words "AI & BIG DATA EXPO" in a large, bold, pink, sans-serif font. A thin pink line is positioned below the text.

EUROPE

Running alongside the AI and Big Data Expo Europe, the event consists of five further co-located conferences within the fields of Blockchain, Cyber Security & Cloud, IoT, Digital Transformation and the virtual-only 5G Expo. The event will feature over 150 exhibitors and features leading speakers from the likes of Philips, Nestle, Coca-Cola and ING.

“

We're incredibly excited to be back in Amsterdam showcasing the next-generation of technologies and strategies from the world of artificial intelligence and big data.”

Sophie Summerell, Head of Marketing, for TechEx

Sophie Summerell, Head of Marketing, for TechEx says “We're incredibly excited to be back in Amsterdam showcasing the next-generation of technologies and strategies from the world of artificial intelligence and big data.”

Conference highlights include Georgio Mosis of Philips, who will explore “Responsible use of AI in Healthcare – Hybrid Intelligent systems”, Pratyush Sinha of Ahold Delhaize who will take part in the panel “Data analytics for intelligent decision making” and Surajit Basak of UPS who will take part in the virtual Live Panel presenting “The ones to watch – AI for the future.”
