PORTLAND, OR, UNITED STATES,  
November 9, 2021 /EINPresswire.com/

-- Increase in need to reduce operational time and cost by enterprises drives the [testing as a service \(TaaS\) market](#). In addition, increase in technological complexities, costs, and security issues as well as rise in focus on developing innovative products propel the growth of the market. However, lack of skilled professionals limits the growth of this market. Furthermore, outsourcing of testing services to low-cost destinations and increase in adoption of outsourced testing services to avoid slow test turnaround, poor execution, and excessive software life cycle costs is expected to provide numerous opportunities for the testing as a service (TaaS) market.
