

QSS Technosoft Launches Its Sister Concern Company- Announces its Global Expansion to Europe

QSS Technosoft Launched Its Sister Concern Company, Expands Global Office in Poland, Europe

PLYMOUTH, MINNESOTA, UNITED STATES, November 10, 2021

/EINPresswire.com/ -- QSS Technosoft, a leading provider of world-class software development and support solutions headquartered in India, is excited to announce the company's continued global expansion by launching its sister concern company-

Triumfo IT Solutions in Poland. With this, the company further strengthens its identity offering the best software development & consulting services to businesses across Europe.

This announcement comes amid tremendous growth within the organization as its current global talent base surpasses 400 software experts.

The business entity is now legally registered under the laws of Poland. This expansion opens up access to a very large pool of the finest software development talent in the region that the company can use to fuel the continued growth of QSS Technosoft. This will not only help to get more and more business but further brings a reliability factor among their European clients.

"After a decade of operation, the growth we have experienced this year has truly been unprecedented. All credit goes to our incredible team that has excelled and proven what it means to be a 'world-class' outfit," adds Sanjay Pandey, the Co-founder at QSS Technosoft.

"By expanding our presence throughout Europe, I look forward to QSS' sustained growth as we continue to help businesses adapt and meet their IT needs. We continue to provide value to our current customers as well as open the door to many new and lucrative partnerships locally in this region. More updates will come in the coming months," he further added.

This expansion would further help the company deliver quality IT services to local businesses at a time when there is a rapidly increasing demand for diverse software development services for different business domains.

"I am excited about the potential growth we would be witnessing. The expansion would allow us to re-engineer and re-invent our business to compete successfully in an ever-changing marketplace," said Deepak Chhabra- President Global Delivery.

"In the past, we've had so much growth in our European operations. Having an office in Poland, staffed with Highly Skilled, Technical Project Leads & Managers, will be a tremendous service to our existing Customers in Europe" he further added.
