About [IMPOSTER the series](#):

Crexels Production Company's IMPOSTER brings to screen a six episode web-series about the journey of one woman in search of validation as an artist, while she struggles with her inner demons on realizing that her most famous piece may or may not have been her own idea.

Veronica Maccari stars as Marina Hayes, the artist who realizes the idea for her most famous piece may or may not have been stolen. Talwalkar plays Tristan, Marina's narcissistic and hugely successful photographer ex-boyfriend. Waring takes the role of Victor Alberts, Marina's curator boss.

The series is produced by Yaniv Waisman of Crexels, with [Shayda Frost](#) set to direct. Frost is currently collecting festival awards for her short film FANGIRL. She also has experience working as a co-producer for director Catherine Hardwicke on projects Don't Look Deeper and Miss Bala, and being mentored by director Martin Campbell on his upcoming film MEMORY. Maccari, who wrote the series, also serves as exec producer.

IMPOSTER is set to film this month. Additional information about the web series is available at
