

# GBI Announces Inaugural Class of Green Globes and Guiding Principles Compliance Fellows

*The Green Building Initiative recognizes 21 individuals who have demonstrated outstanding success in improving building performance and reducing climate impact.*

PORTLAND, OR, UNITED STATES, November 11, 2021 /EINPresswire.com/ -- The Green Building Initiative (GBI) celebrates the recognition of twenty-one individuals from the United States and Canada with distinctions of Green Globes Fellow (GGF) and Guiding Principles Compliance Fellow (GPCF). GBI's Fellow program, introduced in 2021, recognizes those who have demonstrated outstanding success in the improvement of the built environment through GBI's Green Globes certification and/or Guiding Principles Compliance verification systems and promote sustainable, healthy, and resilient buildings globally.

Green Globes Fellows and Guiding Principles Compliance Fellows are expert users GBI programs who contribute to the shaping of GBI's educational content and tool development and are regarded as exceptional leaders in the green building industry. These design, construction, and sustainability professionals drive innovation and support others' commitments to reduce the impacts of climate change.

"GBI is honored to recognize the first class of Green Globes Fellows and Guiding Principles Compliance Fellows," said Vicki Worden, GBI's President & CEO. "Each of these individuals are incredibly dedicated to elevating the sustainability of the built environment through project execution and leadership and have been instrumental in supporting GBI's mission to reduce climate impacts by improving the built environment."

Members of the 2021 Class of Green Globes Fellows include:

John Chyz, P.E., GGA, GGF, GPCF, WELL AP, Affiliated Engineers, Inc.
