IP Bookmark Global Intellectual Property Navigation Platform

navigate through.

### II. Easy time and exchange rate conversion

IP Bookmark makes sure that no one is left behind with their cross-border intellectual property needs. No matter where the user is in the globe, they will be able to get the information about the current time in different regions and exchange rates. That way the users will be able to have a smoother communication with foreign partners and international payments.

The'Common Time Conversion' offers accurate times of 12 main regions. The users will be able to convert the corresponding time of all the other countries by entering the time of just one country. With 'Other Time Conversion' the users can select two regions/cities in the world and enter the time of the region and get the corresponding time almost immediately. The users will be able to see the exact time of a city or region by clicking a location on the map with the 'Current Time' tool at http://www.ipbookmark.com/time.

IP Bookmark's exchange rate tool has the ability to convert currencies of 68 countries. The most 12 common currencies can be converted with the 'Common Currency' tool. With 'Exchange Currency' users can choose any two currencies and convert each other. With the 'Other Currency' tool at

http://www.ipbookmark.com/currency one can enter the number of currencies to be converted, and it will calculate and present the corresponding conversion results of 68 currencies.

#### III. Full convenience

The platform aims to offer ultimate convenience to its users. One can effortlessly revisit the links

they click frequently by adding them to favorites. Users can create a personalized intellectual property bookmark that saves a lot of time. Unlike search engines, which fail to deliver the desired experience while searching for a saved bookmark, IP Bookmark automatically arranges the saved links based on regions and sections. The users don't even need to name them to find them. It is designed so brilliantly that the saved bookmarks can be detected with just a simple glance.

## IV. Mobile-friendly

Mobile devices have become more popular with users due to their pure convenience. Any website needs to function properly on mobile devices alongside desktop browsers. IP Bookmark understands the preference of its users. That is why IP Bookmark created a flawless platform that performs excellently in both desktop and mobile browsers. IP Bookmark is extremely easy to use and can be operated at anytime and anywhere, and it will not face any issue when they access the site and get the same user experience through any of their devices.

IP Bookmark encourages users to share their experiences to make improvements, and hopes to work with global users to create a world of convenience in intellectual property information. For more details about their services, visit the platform at <u>http://www.ipbookmark.com/</u>.
