*Intertec International's Engineering Solutions & Consulting Business Unit is proud to announce its certification to ISO 9001:2015 and AS9100D Standards.*

PHOENIX, AZ, UNITED STATES OF AMERICA, November 11, 2021 /EINPresswire.com/ -- Intertec International's Engineering Solutions & Consulting (Intertec ES&C) Business Unit provides engineering and consulting services to aerospace, commercial, government and industrial companies and is proud to announce its certification to ISO 9001:2015 and AS9100D Standards.

Performance Review Institute (PRI Registrar) recognizes Intertec Engineering Solutions & Consulting for having met the stringent requirements of this international standard, its ongoing commitment to satisfying stakeholders, and dedication to the continual improvement of its management systems.

"I am so proud of our Intertec Engineering Team and their dedication and commitment to this registration. This further validates our extraordinary devotion to providing the best engineering solutions for our clients!", said Charles Jonkosky, Vice President of Operations, Intertec Engineering Solutions & Consulting.

"Intertec ES&C has demonstrated its commitment to world class engineering services and quality management by implementing and becoming certified to the ISO 9001:2015 and AS9100D standard. They have joined an elite number of organizations worldwide who have achieved certification to this globally recognized engineering services and quality management standard," said Randy Daugharthy, Director of the Registrar Program at PRI Registrar. "PRI Registrar is proud to partner with Intertec ES&C in this accomplishment and look forward to continued support of their objective of engineering services and quality management excellence."

I am proud of our Engineering Team's dedication & commitment to this registration. This further validates our extraordinary devotion to providing the best engineering solutions for our clients!."

*Charles Jonkosky, VP of Operations, Intertec*
