EINPresswire.com/ -- According to the
new market research report

'Elementary And Secondary Schools

Global Market Report 2021: COVID-19 Impact And Recovery' published by The Business Research Company, the elementary and secondary schools market is expected to grow from \$1.64 trillion in 2020 to \$1.69 trillion in 2021 at a compound annual growth rate (CAGR) of 3%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$2.41 trillion in 2025 at a CAGR of 9%.

The elementary and secondary schools market consists of the revenues of elementary and secondary school services and related goods by entities (organizations, sole traders and partnerships) that provide academic courses and associated course work to basic preparatory education i.e. kindergarten through 12th grade. The market covers school boards and school districts.

[Trends In The Global Elementary And Secondary Schools Market](#)

Flipped classroom model of teaching is enhancing the students learning experience by creating an interactive atmosphere in classrooms. In flipped classroom, students view lecture materials or video lectures as homework prior to coming to class. In-class time, interactive discussions and collaborative works are performed under the guidance of the teacher. Flipped classroom gives students the flexibility to consume the lecture material at own pace and come prepared to ask
