

Wid Bastian continues to pursue filmmaking, ghostwriting, and book promotion for an elite group of select clients.

UTAH, UNITED STATES, November 13, 2021 /EINPresswire.com/ -- Wid Bastian has had a lifelong love of books. He began writing in the 1990s but became serious about it as a career in 2011. Since 2012, he has been active in the creative world as an author, screenwriter, ghostwriter, publisher, and eBook promoter. He is an Amazon Bestselling Author several times over and a USA Today Bestselling Publisher.

Wid is most passionate about writing in Mystery and Suspense, Sci-Fi, Adventure, and Historical Fiction. He is also a highly skilled and experienced ghostwriter - taking others' ideas and shaping them into a written work beyond what they imagined.

When clients work with Wid, they receive personal attention from a seasoned pro who can turn their story into an audiobook or eBook ready to publish. Wid has helped dozens of authors become bestsellers. They receive the support they need to succeed from someone who has years of experience in literary markets and understands their creative passion.

Wid considers it an honor to help other writers bring their stories into the world without stopping their current lives to do so. As a bestselling author who has published many titles, he understands how tight publishing budgets are and wants nothing more than help. Authors have peace of mind knowing that they are getting exactly what they want at every stage of the process from someone who will remain an integral part of the effort from start to finish.

Wid is a novelist and a screenwriter. He has written (as a sole author and with collaborators) several feature film screenplays and television series pilots. He encourages all wanting help to reach out, including those looking for assistance with film projects.

Wid has ghostwritten for many different types of people, from CEOs and doctors to authors and actors. Every author brings a piece of themselves into their writing. Wid has helped many authors share their creative efforts with more people than they ever dreamed possible.
