Reborn:
Seven times marked. One way out...

From birth, Lexil is counted among the marked, souls who have lived before and must now serve those who are on their first lives. Which means she's doomed to a life of slavery with its hard labors and brutal punishments. A life she's learning to endure.

But when the marked child she's befriended is faced with a fate worse than death, Lexil decides to fight back. No matter the risk, no matter the cost.

Her only hope is to flee to the Wastelands with the one person she trusts, Finn. As he leads them through the deadly lands, she realizes that there are only two classes of people in the dangerous wilds, the hunters and the hunted. And among them, those who carry the knowledge of what it truly means to be a Reborn.

But to get to that truth and escape the barren lands alive, Lexil must face challenges that will test everything she thought she knew--and everything she thought she was...
