Overview:

According to the latest report by IMARC Group, titled “Over the Top (OTT) Market: Global Industry Trends, Share, Size, Growth, Opportunity and Forecast 2021-2026”, the global [Over the Top market size](#) exhibited strong growth during 2015-2020. Looking forward, IMARC Group expects the global Over the Top (OTT) market to grow at a CAGR of around 19% during 2021-2026. Over the top (OTT) refers to a media service that delivers film and television content directly to viewers over the internet. This content is transmitted via smartphones, tablets, smart televisions and other connected devices without requiring cable or satellite television subscriptions. It also supports music, video, podcasts and audio streaming categories. In recent years, OTT has gained traction due to its portability, accessibility, and connectivity.

We are regularly tracking the direct effect of COVID-19 on the market, along with the indirect influence of associated industries. These observations will be integrated into the report.
