Reviews from Customers Hush Customers:

Most sound sleeps !!

I went for the full package consisting of the mattress, the 25 lbs blanket and the cool2.0 sheets. I don't remember waking up at all in the night, multiple nights in a row. Awesome products

David A. from Canada

honestly worth the extra money

I was debating between this and a foam bed in a box.

Only AFTER I got it did I realize it's more than a bed in a box.

They make it by hand only a day or 2 before you get it.

So it doesn't stink and is not filled with toxic chemicals.

Smelt fresh, and you can see the hand stitching (human imperfections)

So far, it's been 2 months.

Not overly firm but not too soft for a heavy guy like me (220lbs)

Highly recommend, good work, hush.
