EINPresswire.com/ -- The Villarreal Law

Firm, a team of accident lawyers in Brownsville Texas at <https://jvlawfirm.net/>, is proud to announce a second wave of updates to its Spanish-language content, focused especially on accident lawyer issues or, in Spanish, 'Abogado de Accidentes.'

“

Spanish is the first language for many of our clients.”

“Spanish is the first language for many of our clients,” explained [attorney](#) Javier Villarreal, a managing partner at the Villarreal law firm. “This fall we have been working hard on our Spanish-language content, and are excited to announce the ‘second wave’ of content focused specifically on accident attorney issues or in Spanish, ‘Abogado de

Accidentes.”

Persons who want to check out the newly updated Spanish content can start with the landing page at <https://jvlawfirm.net/practice-areas/abogado-de-accidentes-automovilisticos/>. The second wave of content is a complete overhaul of the language, reaching out to Spanish speakers in Brownsville and throughout the Rio Grande Valley. Should an accident victim who speak Spanish picks up the phone, he or she will be excited to find that the staff at the firm is fluent in Spanish. Indeed, the language spoken has no impact on the legal rights one has in any potential accident or personal injury lawsuit. The steps that happen, therefore, are first the accident, second the search for an aggressive attorney to fight for one’s rights, third the decision to go with an attorney who speaks Spanish. Subsequently, there are the same issues as in any litigation: the facts, the law, and aggressive representation on one’s legal rights under Texas law.

It's also no surprise that what there are many car accidents as the Valley is a crossroads of international and domestic traffic. Thus accidents happen and in many cases the victims of these accidents speak Spanish first. Among the list of surprises: it's no surprise that having an accident is stressful and that clients would like an attorney and staff who speak Spanish.
