

TurnKey Internet Launches Customer Loyalty & Affiliate Bonus Programs for Black Friday 2021

TurnKey Internet announced today their Customer Loyalty & Affiliate Bonus programs combined with the launch of their Black Friday promotions.

LATHAM, NEW YORK, UNITED STATES, November 16, 2021 / EINPresswire.com/ -- Leading Data Center and Cloud Hosting Solutions provider [TurnKey Internet](#) announced today their Customer Loyalty & Affiliate Bonus programs combined with the launch of their [Black Friday](#)

promotions, offering some of the best Dedicated Servers, Cloud Servers, and Web Hosting deals for 2021. TurnKey Internet was recently acquired by [ColoHouse](#) to super charge its premium bare metal and services offering.

“

While most companies offer only their best deals to new customers, we shake up that model and put the customer first. TurnKey is focused on giving back to our clients...”

Adam Wills

TurnKey Internet is known for running its eagerly awaited, industry-leading deals and specials, and this year is no different. TurnKey Internet is offering up to 90% off on nearly every product they offer – Dedicated Servers, Cloud Servers, Web Hosting, and much more. More information can be found at www.turnkeyinternet.net/blackfriday

In a bold move in contrast to other companies that exclude or limit their best seasonal deals from existing clients, TurnKey is rewarding existing clients with an additional

loyalty bonus. The customer loyalty bonus is applied as a free month of service for every previous year of loyalty when purchasing additional services during this Holiday promotional period. This gives existing clients access to deals greater than 90% off when factoring in the free loyalty bonus months of service included.

In addition to the customer loyalty bonus, TurnKey also announced Black Friday Bonus Commissions for their Cloud Hosted Affiliate program. The bonus is designed to ensure that marketing partners are rewarded for their efforts during the holiday season, using a trusted straightforward system that delivers the highest commission payouts available. Affiliates will earn an additional \$20 bonus commission for every customer they refer that purchases a dedicated or cloud server during the Black Friday and Holiday promotional period.

TurnKey Internet's Cloud Hosting Affiliate Program is available through CJ Affiliate (formerly Commission Junction), the most reliable and trusted affiliate tracking service in the industry. Affiliates have access to custom tracking, statistics and real-time commission reports via CJ Affiliate. Tracking cookies have a 90-day lifespan, ensuring our marketing partners get the credit they deserve for referrals.

"We love our loyal clients and realize our success comes from the trust our clients have placed in us over the years. I am truly excited to launch our Customer Loyalty Bonus program during our Holiday promotion," remarked Adam Wills, CEO of TurnKey Internet. "While most companies offer only their best deals to new customers, we shake up that model and put the customer first. TurnKey is focused on giving back to our clients – and in turn they are our best advocates telling friends and colleagues about their experience." He continued, "With our affiliate bonus commissions, we are giving our marketing partners an additional opportunity to generate substantial commissions throughout our Black Friday and Holiday promotions.
