EINPresswire.com/ -- According to the  
new market research report  
'Pharmaceuticals Global Market Report  
2021: COVID-19 Impact And Recovery'

published by The Business Research Company, the [pharmaceuticals market](#) is expected to grow from \$1228.45 billion in 2020 to \$1250.24 billion in 2021 at a compound annual growth rate (CAGR) of 1.8%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$1700.97 billion in 2025 at a CAGR of 8%. The increase in the patient pool drove the demand for pharmaceuticals used in the treatment of these diseases, significantly impacting market growth during this period.
