USA, November 17, 2021  
/EINPresswire.com/ -- In the wake of the COP climate change talks in Glasgow, nations are committed to reducing emissions from freight. Hear from a panel at the leading edge of the development, financing, and marketing of e-freight: Asher Bennett, CEO of Tevva, which has revolutionized urban and long-haul freight with its range-extension technology, and Brian Keane, CEO of [Smartpower](#), which markets clean energy to consumers and companies. Hosted by CNBC icon Ron Insana, the panel will tackle the "how" we get the world to zero-emission freight.
