Growing at a **CAGR of 6.0%** (2021-2030)

Golf clothing Market

Emergence of trend of golf tourism, surge in fitness consciousness among consumers, and trend for fashionable sports apparel drive the growth of the global golf clothing market. North America contributed to the highest share in terms of revenue in 2020, and is estimated to maintain its lead position by 2030. Manufacturing activities of golf clothing halted due to lockdown implementations across various countries during the Covid-19 pandemic.

“

Many golf tournaments were cancelled or postponed due to Covid-19 pandemic to curb the spread of infection due to gathering of people. This reduced the demand for golf clothing.”

The sports sector was severely affected during the outbreak of the COVID-19 pandemic. Many sports events including golf tournaments were postponed or cancelled during the outbreak,

which hampered the growth of the market. Moreover, sale of sportswear including golf clothing was hampered globally, as the outbreak has led to closure of sports complexes, state sports activities, stores and others. This further led to decline in participation in golf, which in turn, hampered the demand for golf clothing; thus, restricting the growth of the market in terms of value sales during the pandemic.

Depending on user, the women segment is anticipated to grow at a higher CAGR during the golf clothing market forecast period, due to the fact that nowadays women all around the globe are increasingly participating in various sports activities including golf, which in turn is expected to offer immense opportunities for the growth of the golf clothing market during the forecast period.

By product type, the bottom wear segment is expected to be the fastest growing segment during the forecast period. This is attributable to the increase in number of participations in sports tournaments and physical activities, especially golf. Thus, consumers in the countries such as the U.S., Canada, Australia, and others, are increasingly spending on sport apparels, including bottom wear, which aid them to perform well in the sports, as they improve mobility.
