“In the last year, we served 16 young ladies. One girl aged out at 18 and is now living a productive and normal life. We have our very first graduation ceremony planned for others at the end of October 2021. We are proud of the work that we are able to do with these at-risk young women. Seeing their lives return to calm and normal is a true blessing.”

If your at-risk young lady is struggling and you find yourself needing help, please reach out.
