

# India Metal Casting Market Size, Industry Share, Analysis Report 2021-26

SHERIDAN, ALABAMA, UNITED STATES, November 18, 2021 /EINPresswire.com/ -- According to the latest report by IMARC Group, titled "[India Metal Casting Market: Industry Trends, Share, Size, Growth, Opportunity and Forecast 2021-2026](#)". the India metal casting market is expected to exhibit moderate growth during 2021-2026.

Metal casting is a process wherein a mold with a hollow cavity is utilized for obtaining a desired geometric shape. It assists in the mass production of large and complex components while using alloys with low melting points. Other non-ferrous metals can also be utilized, including zinc, lead, pewter, copper, aluminum, magnesium, and tin-based alloys. At present, metal casting finds extensive application across India as it is cost-efficient and reduces the amount of wasted scrap metal.

India Metal Casting Market

As the novel coronavirus (COVID-19) crisis takes over the world, we are continuously tracking the changes in the markets, as well as the purchase behaviors of the consumers globally—our estimates about the latest market trends and forecast values after considering the impact of this pandemic. These observations will be integrated into the report.

## India Metal Casting Market Trends:

The escalating demand for lightweight vehicles in India due to stringent government regulation to minimize carbon emissions represents one of the key factors stimulating the market growth. In line with this, the thriving automotive industry and rapid urbanization are influencing the need for construction equipment. As a result, there is an increase in the sales of metal castings across the country. Moreover, with rising environmental concerns, leading manufacturers are

introducing electric vehicles, which is anticipated to augment the market growth.

India Metal Casting Market 2021-2026 Analysis and Segmentation:

Market Breakup by Process:

- Gravity Casting
- High-Pressure Die Casting (HPDC)
- Low-Pressure Die Casting (LPDC)
- Sand Casting

Market Breakup by Material Type:

- Aluminum
- Cast Iron
- Magnesium
- Zinc
- Others

Market Breakup by Components:

- Alloy Wheel
- Battery Housing
- Clutch Casing
- Cross Car Beam
- Crank Case
- Cylinder Head
- Others

Market Breakup by Vehicle Type:

- Passenger Cars
- Light Commercial Vehicles
- Heavy Commercial Vehicles

Market Breakup by Electric and Hybrid Type:

- Hybrid Electric Vehicles (HEV)
- Plug-In Hybrid Electric Vehicles (PHEV)
- Battery Electric Vehicles (BEV)

## Market Breakup by Application:

Body Assemblies  
Engine Parts  
Transmission Parts  
Others

## Market Breakup by Region:

North India  
West and Central India  
South India  
East India  
Competitive Landscape :

The competitive landscape of the industry has also been examined along with the profiles of the key players.

## Key Highlights of the Report:

Market Performance (2014-2019)  
Market Outlook (2020-2025)  
Porter's Five Forces Analysis  
Market Drivers and Success Factors  
SWOT Analysis  
Value Chain  
Comprehensive Mapping of the Competitive Landscape

If you need specific information that is not currently within the scope of the report, we can provide it to you as a part of the customization.

About Us:

IMARC Group is a leading market research company that offers management strategy and market research worldwide. We partner with clients in all sectors and regions to identify their highest-value opportunities, address their most critical challenges, and transform their businesses.

IMARC's information products include major market, scientific, economic and technological developments for business leaders in pharmaceutical, industrial, and high technology organizations. Market forecasts and industry analysis for biotechnology, advanced materials, pharmaceuticals, food and beverage, travel and tourism, nanotechnology and novel processing methods are at the top of the company's expertise.
