EINPresswire.com/ -- Equator Advanced Appliances is proud to announce the release of its PDL 4455 [Laundry Pedestal](#) that fits perfectly with its hygienic, 18-pound capacity Super Combo Washer Dryer EZ 5500 CV. The PDL 4455 raises the washer-dryer 11 inches higher, relieving back strain and making the unit ADA compliant for individuals with disabilities. The pedestal is also equipped with a drawer for the convenient storage of laundry supplies.

The PDL 4455 also allows more families to enjoy the germ-busting innovation of the [All in One Washer Dryer](#). By heating water up to 165 degrees, this unit kills viruses and contagions, including COVID-19, and eliminates dust mites and allergens. Plus, the stainless steel drum and baffles are coated with an anti-microbial technology that prevents bacteria growth. The unit can also clean itself, utilizing 131-degree temperatures for complete disinfection.

Equipped with a variety of super quiet and [energy efficient](#) cycles, it is also the only combo washer-dryer in the world that can switch from a vented dryer to a condensing one with a push of a button. After adding antifreeze, another button push runs the two-minute winterize cycle, making closing down summer get-a-way homes and boats a breeze.

With a compact, robust design paired with a convenient pedestal, all families can stay safe and worry-free. In addition, the EZ5500 CV and PDL 4455 come in eight different colors: green-black, blue-black, light blue, yellow spring, green summer, red fall, dark blue winter, and white arctic vortex. The MSRP of the Combo washer dryer starts from \$1499 and is available on Amazon, Home Depot, Lowes, Wayfair, Overstock among others. The laundry pedestal is available from \$269.
