According to the new market research report '[Unfinished Paper Global Market Report 2021: COVID-19 Impact And Recovery](#)' published by The Business Research Company, the unfinished paper market is expected to grow from \$295.39 billion in 2020 to \$312.35 billion in 2021 at a compound annual growth rate (CAGR) of 5.7%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$367.7 billion in 2025 at a CAGR of 4%. The unfinished paper manufacturing market is expected to benefit from steady economic growth forecasted for many developed and developing countries.
