

Florida US Navy Veterans Lung Cancer Advocate Appeals to a Navy Veteran with Recently Diagnosed Lung Cancer to Call Attorney Erik Karst of Karst von Oiste About Compensation if Before 1982 He had Navy Asbestos Exposure

ORLANDO , FLORIDA , USA, January 6, 2022 /EINPresswire.com/ -- According to the Florida US Navy Veterans Lung Cancer Advocate, "If you are a Navy Veteran who had significant exposure to asbestos prior to 1982 and you have just been diagnosed with lung cancer please make it a priority to call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 to discuss what might turn out to be compensation that may exceed \$100,000. Most people who develop lung cancer and who prior to 1982 had heavy to extreme exposure to asbestos in the navy or at work do not realize the \$30 billion dollar-asbestos trust funds were set up for them.

"If a Navy Veteran or person who had navy or workplace exposure to asbestos before 1982 and now has lung cancer would like to receive the best possible compensation results it is important- they try to recall the specifics of how, where and when they were exposed to asbestos. It is this information that will become the basis for their compensation claim. For more information a person who now has lung cancer and who decades ago had workplace or navy asbestos exposure-please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303. The call to Erik is no obligation." www.karstvonoste.com/

The Florida US Navy Veterans Lung Cancer Advocate is proud to help the people with asbestos exposure lung cancer or mesothelioma in Miami, Jacksonville, Tampa, Saint Petersburg, Orlando, Hialeah, Fort Lauderdale, Tallahassee, Port Saint Lucie, Cape Coral or anywhere in Florida.

High-risk work groups for exposure to asbestos now living in Florida include US Navy Veterans, power plant workers, shipyard workers, oil refinery workers, steel mill workers, miners, manufacturing workers, public utility workers, plumbers, welders, electricians, auto mechanics, machinists, or construction workers. Most

people who are diagnosed in Florida were probably exposed to asbestos in the Northeast or Midwest. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.

“

"If you are a Navy Veteran who had navy asbestos exposure prior to 1982 and you now have lung cancer please call attorney Erik Karst of Karst von Oiste at 800-714-0303 to discuss compensation." "

*Florida US Navy Veterans
Lung Cancer Advocate*

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact." <https://USNavyLungCancer.Com>

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoiste.com/
