About GBA (Government Blockchain Association)

The Government Blockchain Association (GBA) is an international nonprofit professional association located in Fairfax, Virginia. GBA focuses on its members as individuals and organizations interested in promoting blockchain technology solutions to government but does not advocate for any specific policy position. Membership is available to government employees along with student organizations, private sector professionals, and corporations. Membership fees are waived for government employees.

GBA cultivates professional workflows between technologists, public policymakers, application specialists, and those who want to learn about the new and emerging digital currencies. Furthermore, GBA acts as a catalyst in creating a public dialogue around the creative, profitable, and positive leveraging of blockchain technology.
