

# ProNavigator Wins Best Service Provider – InsurTech in the 2021 Insurance Business Canada Awards

*AI-Driven Search Tool, SAGE, is Designed by and for Insurance Professionals*

KITCHENER, ON, CANADA, November 22, 2021 /EINPresswire.com/ -- [ProNavigator](#), provider of the only purpose-built SaaS knowledge management platform for insurance, announced today that it won the award for [Best Service Provider – InsurTech](#) in the sixth annual Insurance Business Canada Awards, the leading independent awards event for the insurance profession in Canada. The Best Service Provider – InsurTech award recognizes those companies and solutions that add the most value to the business of insurance professionals, allowing them to maximize their business and help clients achieve their goals.

“ProNavigator’s AI-powered knowledge management solution, [SAGE](#), helps insurance companies drive growth, reduce operating costs, and boost productivity by connecting insurance professionals with exactly the right information they need when they need it,” says Joseph D’Souza, CEO, ProNavigator. “We are honored and grateful for this award which further energizes our commitment to making the insurance industry better for both insurance professionals and consumers alike.”

Using natural language understanding models, SAGE’s machine learning is trained on specific insurance knowledge, so it understands the types of queries front-line insurance professionals use and then retrieves complete and accurate information within seconds. In addition to harnessing best-in-class technology, ProNavigator’s team is comprised of insurance professionals who understand the industry and provide hands-on experience with solution onboarding, training, and support.

Presented by Insurance Business Magazine, the Insurance Business Canada Awards recognizes
