The band from Guadalajara has 16 years of history and has five albums released. Each of them reveals a genuine and addictive sound, synthesizers, and aggressive guitar riffs combined with a lot of melody and strong lyrics, and this makes them one of the strongest and most intense bands in Mexican metal. The participation in several Mexican festivals proves this: Vive Latino, Hell and Heaven, and Force Fest witnessed the devastating sound of their remarkable musical approach.

Beyond the Mexican borders, Pressive also conquered territories with tours in
