

# Durango Completes Visit to Discovery Property, QC

*Durango Resources Inc. announces that the Company has completed its exploration visit to its wholly owned Discovery Property in Québec.*

VANCOUVER, BC, CANADA, November 23, 2021 /EINPresswire.com/ --

[Durango](#) Resources Inc. (TSX.V-DGO) (Frankfurt-86A1) (OTCQB -ATOXF), (the "Company" or "Durango") announces

that further to the news release of November 3, 2021, the Company has completed its exploration visit to its wholly owned [Discovery](#) Property in Québec.

“

We are curious to see if the channel sampling will complement the recent discovery of gold at surface earlier this fall.”

*Marcy Kiesman*

The exploration team arrived at the property just in time to clear and strip approximately 800 square meters before the snow arrived. General mapping of the area was undertaken, and samples were obtained from five channels representing twenty-five linear meters in the vicinity of the previously announced assay results as per the news release dated October 7, 2021. Two of the completed channels resulted in fifty samples which have been sent in for assay. Additional information will be

released as it becomes available. To see additional property details, follow: [Durango Resources Inc. - YouTube](#)

Marcy Kiesman, CEO of Durango stated, “We were happy to complete surface stripping and mapping on the Discovery Property before snowfall. Examining the surface rock with assays in hand will be helpful for the preparation of future drill plans on the property. We are curious to see if the channel sampling will complement the recent discovery of [gold](#) at surface earlier this fall.”

The Discovery Property is located on strike to the southwest of the past-producing Troilus gold mine and neighbours Troilus Gold Corp. (TSX-TLG). The Discovery Property covers an important geological northeast to southwest regional structure. The Property has great road access and is

accessible year-round via the Route du Nord in northern Québec.
