The Business Research Company's Travel Trailer And Camper Global Market Report 2021 - COVID-19 Impact And Recovery

According to the new market research report '[Travel Trailer And Camper Global Market Report 2021: COVID-19 Impact And Recovery](#)' published by The Business Research Company, the travel trailer and camper market is expected to grow from \$88.51 billion in 2020 to \$92.93 billion in 2021 at a compound annual growth rate (CAGR) of 5%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The travel trailer and camper market is expected to reach \$139.62 billion in 2025 at a CAGR of 11%. Advances in technology are expected to be a continued driver of travel trailer and camper market growth in the forecast period.

The travel trailer and camper market consists of sales of travel trailers and campers and related services by entities (organizations, sole traders and partnerships) that produce travel trailers and campers designed to attach to motor vehicles, pick-up coaches (i.e., campers) and caps (i.e., covers) for mounting on pick-up truck and/or produce automobile, utility and light-truck trailers. Travel trailers do not have their own motor but are designed to be towed by a motor unit, such as an automobile or a light truck.

Trends In The Global Travel Trailer And Camper Market

Travel trailer and camper manufacturers are increasingly installing solar panels in travel trailers for the creation of a sustainable environment. A travel trailer traditionally depends on the use of

noisy generators for its functioning. Solar panels do not make noise and are ultra-portable, lightweight. Solar panels can be easily mounted on trailers and convert sunlight into power which can be used for functioning of travel trailers. For instance, Renogy, Go Power and Zamp Solar are examples of companies manufacturing solar panels and related systems for travel trailers and campers.
