EINPresswire.com/ -- Down Under Bedding is pleased to win the best Austrian [Wool Duvet](#) Comforter Insert from leading site Bustle.com.

The Down Under washable wool duvet is a good all-purpose [wool comforter](#) for those looking for a low-maintenance option. It's covered in 100% cotton and filled with Australian wool, and there are eight ties to secure

it inside a duvet cover (a duvet cover is not included). The whole thing is machine washable for easy care. "Wow, we definitely were not disappointed," one fan raved, adding, "It is warm without becoming too over heated. It is nice and lofty as well so gives that luxury look and feel." For the materials and the price, it's a more than worthy option, however, it's worth noting that this pick is not certified organic.

No more counting sheep with washable wool only from Down Under Bedding"
