An actual testimonial:

"Just wanted to share that I started my autistic/apraxic 3-year-old son on your protocol almost a month ago. Before this he had about 10 words, averaging 1 new word a month. He has since, in that short time had an explosion of speech. Now he has been saying about 1 new word a day, said 3 new words just yesterday, and has even spoken a few 3-word sentences. I felt hopeless before trying your protocol and cannot believe the large gains we are seeing so quickly!
Thank you thank you thank you!!!!!! - A Mom on Facebook
